## OUR COFFEE SELECTIONS

**Honduran Full City Roast** is our signature coffee. Grown at a high altitude, this coffee has a full body, light acidity and hints of caramel accents. An excellent choice for the connoisseur seeking a distinctive taste without a bitter edge.

**Honduran French Roast** is a great choice to enjoy with your favourite sweet dessert. Enjoy a full flavour with a rewarding aftertaste and chocolate overtones. It's the ideal pick for coffee lovers who appreciate a full-bodied brew.

**Premium Decaf Coffee** selection will cause you to second guess if it is decaf! Our customers come away with a satisfying coffee experience without sacrificing the true flavour of their favourite evening drink.

FairWay Coffee is a responsible, socially conscious effort to sell coffee whereby 100% of the net profits help the impoverished people of third world countries.
